## NOTE :

1. One may fully claim a deduction of the amount of one's salary if it is less than maximum deductible amount.
2. If the total amount of such income for the whole year does not exceed $\mathrm{NT} \$ 270,000$, it can be fully deducted. If the amount exceeds NT $\$ 270,000$, the deduction shall be limited to NT $\$ 270,000$.
3. The taxpayer can't claim if his or her circumstances fall under any of following conditions: i. After deducting the pre-school deduction and longterm care deduction, the taxpayer's tax rate is equal to or greater than $20 \%$ or the tax rate of the taxpayer's or his/her spouse's separately computed salary or categorized income is equal to or greater than $20 \%$ (opting for the single tax rate of $28 \%$ on the total amount of the dividends and earnings computed separately is also included). ii. The amount of the basic income of the taxpayer is greater than NT $\$ 6,700,000$.
